# Genis Gisbert

Front-End Developer

## Experience

### 2022 - Actuality

Leroy Merlin | Sant Cugat del Vallés

#### Customer Relationship

My role in this job is to serve the customer as a last resort, either at the traditional checkout counters, help the customer at self-collection checkouts, assist them with returns or at the information point. We also work together with the security service to prevent theft by controlling fraud and theft attempts. We also have the responsibility of managing the cash and making sure that the checkout cash flow at the end of the day it's correct.

### 2017 - 2022

CAR Sant Cugat | Sant Cugat del Vallés

#### Manager

In this job in a small supplement and sportswear store, I was in charge of product sales, contact with suppliers and laboratories, and coordination with the purchasing, administration, and nutrition team of the high-performance center.

### Summers of 2021 & 2022

Deltaventur | Amposta

#### Adventure sports instructor

Instructor in adventure sports such as kayaking, climbing, archery, Tibetan bridges... My role was to teach the activity to perform to clients, supervise their safety and provide a fun and safe environment.

## About Me

Front-end developer highly motivated, eager to learn and work. I am a very disciplined and resilient person, qualities that I have acquired, among other things, thanks to being a high-performance athlete for more than 10 years in the national taekwondo team. With solid working skills under pressure and teamwork.

I look for opportunities to apply my skills and knowledge successfully in the field of web development.
